

Dear Sirs: This is just to express my interest in keeping "k-love" beaming out of 106.7 on the air! We have hundreds of channels to choose from, but I choose to listen to and support K-Love because

1. I can pick it up where I live (30 miles from civilization :- ) and in town (Hillsborough) and at work (Durham)
2. It keeps me informed of events that are going (that I am interested in) on around this whole area (from Raleigh to Greensboro). Thank you for your time!

Sincerely - Bonetta Rose
